

PARADISE PARK

from The Advocate's Website.

G A Z E T T E

From Manager Jack...

The flowers are beginning to bloom and my allergies are driving me crazy. That must mean that Spring has sprung and Summer is just around the corner here in Paradise Park. Hello everyone, it's that time again to give you the latest update on what's been happening around the Park.

Back Gate

I'll start off by bringing you up to speed on some of what happened at last week's BOD meeting. The back gate issue got put on hold for a little while, but now that I have new direction from the Board, I will begin working with PG&E to get electricity run to the back gate.

This will enable us to install an automatic gate opener to the existing gate. Once PG&E has run the power to the location, **Bob Bindle** has volunteered to wire it all together.

There will be a programmable keypad installed outside the gate that will give members the ability to punch in a specific code and open the gate. Or if desired, members may purchase a remote control at a nominal cost.

Hopefully I will be able to have this all done within the next month or so. We're ready to go,

but we need to wait for PG&E to do their thing first.

Front Gate Guard Shack

Next issue is the guard shack. I presented a second bid to repair the guard shack at the entrance to the Park. However, the second bid did not include the required electrical work that the first bid included, so I was asked to come back next month with bids that were closer to performing equal work.

Summer and Recycling

For those members that make Paradise Park their year-round home, as I'm sure you're well aware that in about 3 weeks or so is the official beginning of Summer in the Park, and that means our Summertime members will be joining us.

Over the last few weeks, we have been conducting a test in Sections 6 and 4 using the recycling buckets, and it has been working quite well. So well that we will start passing out buckets to the rest of the Park next week.

Here is where I need your help. Those of you who live in the Park year-round know all about the

(continued on page 3)

It's Tod's Turn ... Again

I'm afraid I was gone for most of April, so I'm a little behind the times. However, in my absence, it looks like we have found some good candidates for the Board of Directors. Be sure you check up on these folks and see what they think about the Park before you cast your ballot.

Candidates for Board

Each candidate will write a brief statement about themselves, which should help you decide who to vote for. Talk with your neighbors and friends about your choices. Every Board election is extremely important to the future of our Park. If you have been pleased with the work of the current Board, you will find candidates who support that position.

(continued on page 2)

Paradise Park Gazette

The *Paradise Park Gazette* is a monthly publication of the Paradise Park Masonic Club. Send your articles to Virginia Williams, Editor, 488 Paradise Park, Santa Cruz, CA 95060, phone or message: 423-8904. You may also e-mail your articles to me at virginia@wllmsburg.org. Submission deadline is the Friday following the Board Meeting. Distribution will then be the first few days of the following month.

It's Tod's Turn... *(continued from page 1)*

If you have been displeased, you will also find candidates supporting that position.

Three Open Positions

This year we have three positions to fill. I will recommend to the Board that the third highest vote recipient be elected to the two-year position while the first two be elected for three years. Hereafter, *all* elections will be for *three* years.

Castle Property

The Castle escrow closure is still eluding us as I write this note on May 2. A major hurdle was cleared just yesterday when LAFCO approved the drainage plan that had already been approved by the County. A disapproval, which seemed likely as the meeting started, would have postponed the sale for several months. The last remaining problem seems to be a language dispute between the buyer and Standard Pacific over the access road from the Graham Hill property and the Castle property.

Park Water System

Should this sale actually go through, there remain problems for the Board. The Board is leaning toward asking the membership to approve the replacement of our water system by our own people.

That would mean hiring a small crew, training them to do the job and supervising them along the way. Brother **Bill Uber** is an expert in this field and will do the training and the supervision.

We could probably do the job well within the funds we think we will have available for doing it.

Professional or Do-It-Ourselves?

The other choice is to hire a commercial firm, with lots of experience in doing this kind of work to replace the water pipes.

One of the problems with this approach is that we have an incomplete idea of the scope of this job, so getting an accurate cost estimate is very difficult to do, but it would surely cost us all, if not more than all, of what we think our available resources will be.

The advantage of hiring professionals to do the work is that they are bonded and insured and we have recourse for action in case of problems. So the question the Board must answer is whether to take the safe, expensive, commercial route — or take the much less expensive but possibly more risky do-it-yourself route. The Board will be wrong if there are problems with either route chosen. If the escrow closes, this will be an action item for our May 25th meeting!

I have one more year on the Board. I have been President of the Board for the past two years and will not be the President next year. I have enjoyed this experience, but now it is time for someone else to have a turn.

Thanks to you all —

Tod Likins

buckets and how to sort your recyclable material, but our summertime friends may not. If you happen to see your neighbor throw recyclable material in with their garbage, you might whisper some gentle counsel in their ear and remind them of the buckets and the proper sorting method.

Markings on our Roads

Next week the crew will begin refreshing the traffic markings on the roads around Paradise Park. Stop signs, speed limits and so forth will all be repainted. In addition to the existing markings, at the request of several members I will be adding a couple more stop locations.

Pay Attention to New Stop Signs

Primarily as you go up Cardiac Hill from Keystone and Hiram, then another as you turn onto the Covered Bridge off Keystone. There seems to be confusion just who the existing stop sign is for at that location, so to eliminate the confusion, it seems reasonable to have both direction come to a complete stop before proceeding. So be aware of these new changes.

Children and Bikes

We have a really full Bulletin this month, so I'm going to bring up just one more thing and then I'm outta here. With the approaching Memorial Day weekend comes the mass infusion of children. And with the children usually comes bicycles.

Please to the children: Use your head while riding your bike around the Park. There are many blind corners throughout the Park that make it almost impossible for motorists to see you. Be careful as you come flying around corners — you may end up as a hood ornament.

To motorists: Use caution while driving in the Park. Remember the maximum speed limit is 15 MPH and in many locations it is less. Be prepared to make quick stops if needed — particularly as you enter into and come out of the Covered bridge. That seems to be a favorite spot for kids to pop out without notice. Let's all do our part to make this a fun, safe Summer for everyone.

Jack McHugh
Park Manager

Reminders!

Each primary member has rights to one copy of each of our bylaws and our Rules and Procedures. Be sure you've remembered to retrieve from the Office your copy of the new **By-laws, Rules and Procedures, and Membership Roster.**

There are also April 2002 SBC/PacBell telephone books available in the Office Lobby. Old ones may be recycled at the lobby or next to the firehouse.

Recently, someone was very "helpful" and cleared all items off the Office Porch Bulletin Board, except the use instructions and the Water Rebate notice. I would like to thank you; however, it is one of my responsibilities to post manager-approved items on that board and remove them in a timely manner.

If something is posted that you find objectionable, would you be so kind as to bring your concern to my attention, so it may be dealt with in a positive manner?

Thank you!

Karen
Office Secretary

Advertising in the PPMC Gazette — What do YOU Think?

It has been researched and found that PPMC would incur no impact on either our sales tax or non-profit positions, as long as any monies collected for advertising go toward defraying the costs of producing the monthly newsletter.

The BOD wishes to ask for comments from the members: what do you think of this idea? What parameters should advertisements take? What size limits? What interest limits? What _____ limits? Any limits?

A written note to the Office would be appreciated, simply outlining your responses.

Or email us:
manager@paradisepark.org or
secretary@paradisepark.org.

May's Bird of the Month: The Hummingbird

Keep a close eye on your hummingbird feeders now. Our resident Anna's Hummingbirds are joined in spring by two other migrating species so your syrup will disappear quickly.

I'll describe only the male hummers. Even RTP (remember Roger Tory Peterson) says, "Some females are not safely distinguishable (from one another) in the field even for experts. In late summer and fall... young hummers are just about impossible to identify."

In general the males are iridescent with jewel-like throat feathers (the gorget in birding terms), needle-like bills, etc...oh yes, and PUGNACIOUS. They are feisty little guys and very territorial.

Hummingbirds are unique in the bird world in that they can fly forward AND backward.

Anna's Hummingbird

You probably all know this one and don't even need description. The only U.S. hummer with a red crown and throat with an iridescent green back, and gray belly. The Anna's is our most common hummer. It's a year-round resi-

dent and is a bit larger than the other two. Their call when perched is a squeaking, grating song.

In spring watch for the courting males dive into a fast "pendulum" aerial display with a sharp squeaky/popping sound uttered at the end of each display.

Rufous Hummingbird

Our only hummer with a rufous back. (Remember that reddish brown birding color?) The upper parts are bright non-iridescent rufous, the throat is a flaming red-orange.

It's the sound of the wings that may tip you off you have something other than an Anna's. With both the Rufous and the Allen's, you'll notice the wings have a heavy buzzing sound when they're at the feeder that is noticeably different than the Anna's.

The aerial display of the Rufous male, if you're lucky enough to see one, is a closed ellipse instead of a pendulum with a stuttered v-v-v-vvrip call at the end. Santa Cruz Bird Club (SCBC) lists them as uncommon in spring, and rare in summer and fall.

Allen's Hummingbird

The Allen's male looks very similar to the Rufous except it has a green iridescent back with rufous sides, breast, tail, and cheeks. They both have that fiery orange-red gorget and share the buzzing quality of wings in flight.

Their full aerial display is different. The Allen's starts with a pendulum display in a shallow arc, then after several swoops, he goes into a towering (100-150 ft) climb then swoops back down with an ear-splitting vrrrrrip. The Allen's is more apt to breed here than the Rufous. According to SCBC they are common in spring, fairly common in summer and rare in fall.

All hummers eat flower nectar. Yes, they do favor red flowers, that's why the feeders have red plastic flowers, but you DO NOT have to put red food coloring into the syrup. They will feed without it, and the food coloring isn't good for them. Use one part sugar to four parts water to make their syrup and DO NOT be tempted to use juice or honey. And keep those feeders clean. Hummers are adversely affected by fungus.

They also eat small insects and spiders; they're great for getting rid of aphids! So not only are they beautiful but they are useful little critters. Enjoy them — and happy birding!

Judy and Mark McEuen

Announcement Concerning all Candidates for Board Positions

Following the May Potluck, all candidates for the coming election will be present to answer questions from the floor regarding their thoughts as Board of Directors, should they be elected.

Thank you.

Myron Kegebein
Nominating Cmt. Member

April Potluck

We had a great potluck on Saturday night with 60 people present **Harold and Eddi Brown** were our hosts, and she had the prettiest tables — green and white cloths with little potted plants and umbrellas which each person received to take home. Harold made his famous chocolate fudge and **Jackie Lindquist** was the luck winner of the Pot of Gold. The hosts also gave 2nd and 3rd prizes of homemade candles to two other lucky people.

Our next potluck will be May 18th with **Virginia and Bill Uber** serving as hosts — so please y'all come!

We also helped Lois celebrate her birthday with a rousing chorus!

Vendor Resource Book

The Park Office is updating its *Vendor Resource Book* and would like to include your favorite, most valued vendors, restaurants, R.V. Parks, etc. The next time you use these vendors' services, please request a business card from them, write your name on the back so that our Members can contact you if they have any questions about the quality of service provided to you, and drop them in the PPMC mail slot at the Office.

Also, if you provide a service, be sure to let us have one of your business cards to include.

Nominating Committee Report

The new bylaws that were adopted on September 22, 2001, no longer require a competitive election for Board of Directors. The bylaws state, "The Nominating Committee shall submit to the Board at the April Board Meeting a list of nominees, from the members of PPMC, of not less than one (1) candidate for Director for each vacancy on the Board to be filled at the next regularly scheduled Membership Meeting."

We have three vacancies this year; therefore the Nominating Committee was required to submit only three names for the three vacancies. The 2002 Nominating Committee believes in an open election process and has submit-

ted four names as candidates consistent with our previous bylaws. The candidates we selected are both male and female and come from four different sections within Paradise Park. We believe this is an outstanding list of potential Board members representing a broad spectrum of the membership.

Your 2002 nominees for Board of Directors are:

- Ted Keller - Section 1
- Fred Dunn-Ruiz - Section 2
- Barbara Monti - Section 3
- Chuck Buchanan - Section 6

Please read their resumés closely and talk to each of them about your concerns and visions for

Paradise Park. Support your choice of candidates and exercise your most important right. The right to vote for the people who you want to entrust to lead and manage our community for the next three years.

Sincerely,

Lois Hardy, Chairperson
Doug Hipsley
Myron Kegebein
Griff Nelson
Bill Uber

(Editor's Note: *Todd Williams - Section 4* is also a candidate. All resumés appear in this issue of the *Gazette*.)

Paradise Park Historical Marker #4 MISSING IN ACTION

Does anyone know where this marker was located and what it was?

Paradise Park Historical Marker #5 Power House #1

*Marker located at corner of
Keystone Way and St. Augustine — in front of "Land's End"*

The cement work under and around this house was once the foundation for a power house where boilers fired by oil produced steam that was piped to a number of the powder works buildings to provide power and heat. The steam was also used to generate electricity.

The picture shows horses hitched in tandem walking between rails of a narrow-gauge railway as they deliver oil to the power house.

L·E·T·T·E·R·S TO THE EDITOR

Dear Mr. Likins:

Just a note to tell you we thoroughly enjoy the new "GAZETTE," and especially your very newsy President's report in the April edition.

As a long-time board member of several non-profit organizations in Fresno, I understand the work that you and the board do for our benefit. My wife Norma and I appreciate the many hours you folks and manager Jack McHugh contribute.

As for the detractors, we say "don't let the rascals wear you down."

We find the newsletter very readable and informative, and by copy of this note, we congratulate editor Virginia Williams.

Fraternally,
Sid Cox
199 Keystone

LETTERS POLICY

The *Paradise Park Gazette* welcomes your letters to the editor. Letters should be short — no more than 250 words. Letters longer than that are subject to cutting, or they may not be published at all.

We do not accept anonymous letters. Letter-writers should include their name as well as their Paradise Park street address and mail address.

You can e-mail your letters to the editor: virginia@wmsburg.org or mail them to her at 488 Paradise Park.

Deadline for each issue is the Friday following the Board meeting.

Reservation Fees for Use of Paradise Park Facilities

| | |
|---------------------------------------|-----------------|
| Picnic Grounds with kitchen | \$25.00 per day |
| Picnic Grounds without kitchen | \$0.00 per day |
| Small Social Hall | \$25.00 per day |
| Large/Both Social Hall | \$50.00 per day |
| Member Memorial | No Charge |
| Masonic-Affiliated Youth Groups | No Charge |

My Point of View...

Volunteerism.

It's a pretty big word with lots of meaning for all of us here in the Park. Much of our everyday "workload" centers around volunteerism.

I know residents who regularly volunteer at hospitals, Goodwill, Salvation Army shops, Grey Bears, with numerous newsletter efforts for non-profit groups, website committee work for various organizations, and the list goes on. *All* are to be commended. AND we also need your volunteerism right here in our Paradise Park.

Volunteer to be on our Recreation Committee. Volunteer to host a potluck. Volunteer to assist with the daily mail or the monthly newsletter mailings.

Clean-up Day

And volunteer to adopt a piece of Paradise on our upcoming PPMC Clean-up Day on Saturday, May 25th.

I've already planned my day — and it's going to be working on the path in Section 4 leading up to the top of Signal Hill. The path is almost obliterated with neglect.

We'll need rakes for the removal of leaves and pine feathers, shovels to mark the path again with a crisp edge into the hillside, and some strong backs for rubbish removal.

You don't need to sign up — just SHOW up. Be part of our beautification effort — and let's get ready for a great summer in our Paradise.

Cheers!

Virginia Williams

Paradise Park Candidate Resume Form

Name of candidate:

- Chuck Buchanan

Number of years a member of PPMC:

- Three years and three months as of April 16, 2002

Name of spouse:

- Judy

Park address:

- 182 Saint Bernard Street

Education:

- Bachelor of Arts – University of Colorado

Military service:

- Staff Sergeant, NCOIC-Crypto Section, 138th Aircraft Control and Warning Squadron, Colorado ANG

Principal occupation & career summary:

- United Airlines (retired) 34 years, retired as Senior Instructional Design Specialist – Maintenance Training, San Francisco Maintenance Operations Center
- Consultant with HKS Aviation Management Consulting, Redwood Shores, CA
- Training Design Consultant for Wunderlich Malec Engineering, Minneapolis, MN
- Technical Writer for United Behavioral Health, San Francisco, CA

Masonic organizations & offices held:

- Blue Lodge – Mission Lodge #169, San Francisco, Marshal
- Soquel-Pajaro Lodge #110, Soquel
- Santa Cruz Redwoods Chapter #273 O.E.S., Santa Cruz
- 32^o Scottish Rite of Freemasonry, Valley of San Jose

Other organizations & offices held:

- Association for the Development of Computer-based Instructional Systems (A.D.C.I.S) Board of Directors and Newsletter Editor, Denver Chapter President; President
- Two term elected to Board of Education, School District #12, Adams County Colorado
- President, Adams County Board of Cooperative Educational Services (Cooperative purchasing and multi-million dollar self insurance pool for 5 school boards)
- Air Transport Association-Aviation Maintenance Training Sub-committee, Representative to Aviation Industry Computer-based training Committee (Established standards for worldwide aviation training standards)

What PPMC committees have you served on and what PPMC events have you hosted or assisted?

- Chairman, Long-Range Planning Committee
- President, Men's Club 2000-2001
- Budget Committee 2001
- By laws Committee
- Co-Editor Paradise Park Bulletin with Judy Buchanan
- Moderator of PPMC e-group
- Have co-hosted Potluck

Significant reason for becoming a candidate for PPMC Board of Directors:

I believe my 8 years experience as an elected member of the Board of Education, School District No. 12, Adams County, Colorado where I served as Treasurer and President, can be applied to Paradise Park Masonic Club to help maintain PPMC. We must continue improvements to Health and Safety, Community Building, and Environmental Stewardship for present and future members. Our school district served 20,000 students with a \$70+ million balanced operating budget. Those practices can be applied to PPMC to help assure that we face increasing costs of operation within our resources. We must maintain appropriate reserves to maintain our assets and services in the face of the unexpected. We will need financial accounting visibility to members. We are facing the possibility of critical expenditure of the proceeds from the Castle Property that we must do carefully. We will need member's help in assuring we set appropriate objectives. I believe that Paradise Park Masonic Club is a unique community that has the advantage of a common base of core-values. Continuing to maintain those core-values in an evolving society is important to us all. The basis for a strong and happy community is good communication and opportunities for participation.

Paradise Park Candidate Resume Form

Name of Candidate:

Fred Dunn-Ruiz

Number of Years a Member of PPMC:

1942-1972 as a dependent of member
1972-1982 as an Alternate
1982-2001 as an Associate
2001-2002 as a member and resident

Name of spouse:

Mary Jo Dunn-Ruiz

Park Address:

382 Hiram Road

Other Address if Applicable:

N/A

Education:

BA in Mathematics, U.C. Berkeley (1962)
MA in Mathematics, College of Holy Names (1972)
California Administrative Credential, Level I, U.C. Berkeley (1990)
California Administrative Credential, Level II, C.S.U. Hayward (1995)

Military Service:

None

Masonic Organizations & Offices Held:

Member of Fruitvale Lodge #113, San Leandro
No offices held.

Other Organizations & Offices Held:

California Math Council
Union of Berkeley Administrators
Site Representative
Vice-President
President
Negotiator

What PPMC Committees Have You Served on and What PPMC Events Have You Hosted or assisted:

Hosted Section Party with my wife and mother
Served on Recreation Committee
Serving on Tree Committee
Have run Labor Day Tennis Tournament for 20 years

Significant Reason for Becoming a Candidate for PPMC Board of Directors:

I am running for the Board because I love Paradise Park. For four generations, PPMC has provided my family a place to relax and to enjoy friendships, recreation, and nature. It is my goal to maintain the essence and spirit of PPMC for future generations. I feel that I can fairly represent all members of the Park because I believe in participatory

government, where all persons affected by a decision have an opportunity to have input into that decision.

Principal Occupation & Career Summary:

I am now retired after 38 years in Public Education. I taught high school mathematics and was a California nominee for the Presidential Award for Excellence in Teaching of Mathematics in 1987. At Berkeley High School, I served as the Math Department Chairperson for 20 years and a Vice Principal for 3 years. As Math Department Chairperson, I was responsible for hiring, evaluating and supervising 30 teachers, for the departmental budget, for curricular changes and for textbook selection. As Vice Principal, student discipline was under my jurisdiction as was the custodial and maintenance of the school. As Union negotiator for 15 years, I learned to work through differences to find a solution satisfactory to both labor and management. My strengths of leadership include being a participatory manager, a good listener, and a good problem solver and mediator.

CANDIDATE FOR BOARD OF DIRECTORS

Name of Candidate:

Edward (Ted) Keller

Number of Years a Member of PPMC:

Three

Name of Spouse:

Shari Keller

What PPMC Committees Have You Served on and What PPMC Events Have You Hosted or Assisted:

President of PPMC Mens' Club

Served on Staking Committee, Recreation Committee, & Long-Range Planning Committee

Co-chaired BBQ & Potluck Dinners

Significant Reason for Becoming a Candidate for PPMC Board of Directors:

Park members have encouraged me to run in order to bring fresh ideas to benefit Paradise Park. I believe in the importance of applying Masonic ideals and practices to guide our community. It is important to maintain a high quality environment for our members. We must have a safe environment that provides opportunities for fun and fellowship. One foundation for a strong community is good communication that I encourage and strive to maintain. Being a full time resident I am committed to maintaining the beauty of Paradise Park as well as making necessary improvements to our infrastructure.

Principal Occupation & Career Summary:

CANDIDATE FOR BOARD OF DIRECTORS

Name of Candidate:

Barbara (Alford) Monti
Birthdate – July 8, 1946

Number of Years a Member of PPMC:

25 as some form of member; 49 years in PPMC (my parents were Dorothy & Frank Alford)

Name of Spouse:

Rod Monti

Park Address:

233 Temple Lane

Other Address if Applicable:

College – Managing Editor of college newspaper; student government officer

What PPMC Committees Have You Served on and What PPMC Events Have You Hosted or Assisted:

Presently on the current Budget Committee;
Presently on the Recreation Committee;
I have worked on the annual cleanup weekend
Hobbies – photography, reading, snow skiing, bicycle riding, certified scuba diver, garage sale enthusiast

Significant Reason for Becoming a Candidate for PPMC Board of Directors:

I have spent a significant part of my life growing up in PPMC. I would like to be able to give something back so that future generations may also enjoy this unique community of ours.

While currently serving on your budget committee I have become extremely concerned with the status of our finances and the huge deficit budget we were presented with. We (PPMC) are going to be faced with many financial decisions in the coming several years, and it is going to take board members who are committed to making those decisions. I would also like to see our "standing" committees back in active force, giving guidance towards the direction that PPMC should head towards in the next 5-10 years.

I have been vocal whenever I see issues that I feel need to be addressed. This vocal opposition is due to a concern in the direction and guidance by the Board. It should not be construed as a personal attack on any specific individual. We need to work together towards specific goals. Each of us is one individual, but as a collective group we can keep PPMC the unique community that it is for all of us – both part time and full time residents.

Principal Occupation & Career Summary:

Library Media Specialist and Substitute Teacher

What PPMC Committees Have You Served on and What PPMC Events Have You Hosted or assisted:

Past Presidents, Chairman(for various meetings)
 Webmaster, Paradise Park Web Site (www.paradisepark.org) 1998-1999-2000-2001
 Pot Lucks 1991-1992

Significant Reason for Becoming a Candidate for PPMC Board of Directors:

While I was not nominated by the nominating committee, I have offered my name under Article VII, Section 3 of our Bylaws. I have submitted over 40 signatures.

I love Paradise Park as much as any member. This is my home and I am concerned about the long term viability of our community. As cost and regulations continue to burden us, we must insure that we explore all opportunities to control our expenses and maintain the flavor of our special place. Without some "out of the box" thinking, our costs will continue to force our community to merge into the urban sprawl that we left. At the same time, we must realize that just as we have trees here today that were not here when our founders established the allotments and roads, we continue to bring into the park the trappings of home: televisions, king-sized beds and computers. The pressures of technology, sprawl and the economy make it difficult to maintain the park as our founders envisioned.

I offer my experience to assist in our continued effort to maintain our Paradise.

Principal Occupation & Career Summary:

Project Manager: Over 15 years experience managing projects and people for building owners and consultants with a history of success in facility construction and renovation, with a proven track record of bringing projects in on-time and on-budget; an ability to think "outside-the-box" to recognize and solve technical problems; an extensive knowledge of computers and software with a background in developing management reporting systems. Led the design and remodel of offices and manufacturing facilities for AMD and Signetics. Led the design, remodel and expansion of R&D space for ESL, a DOD contractor providing 70k sq.ft. of project specific development space — SCIF. Held TS Clearance. Managed teams of engineers who designed semi-conductor equipment installation packages and tenant improvements. Have developed multiple management reporting systems using desktop computers and standard software, providing management organizations with information required for project management and customer communication. Have spent time in the field, communicating tenant design objectives with tradesmen, architects and engineers.

I have also owned and operated a computer based consulting service providing a range of professional services.

Recreation Stuff

Summer is trying to let us know it's about here. That means it's time to get the Park ready for another Season and that means the **Memorial Day Park Clean-up on Saturday, May 25th**. There will be a sign-up sheet in the office for specific areas that need attention and instructions on where to meet.

If you know of or have a "special" area that you wish to have designated, let Jack know; if you wish to keep it private and only your little secret, then go at it. There is no area that can't be helped along. There will lunch at noon for the workers at the picnic grounds.

T-shirts and Sweatshirts

We have new T-shirts and sweatshirts coming — watch for announcements from the Office when they arrive.

Join a Committee

Now's the time to start thinking of which Committee you'd like to be part of for next year. If you have expertise, please share it and join a Committee. They are: **Bylaws, Duck Regatta, Elections, Fire and Rescue Co. 38, Flea Market, Historical, Insurance Review, Membership, Memorial, Recreation, Staking, Sunshine, Tree Committee, Long Range Planning Committee, Masonic Outreach, and Publicity.**

If you are part of one of these, stay put — we're looking to strengthen each committee and to again let the membership know what there is to become active with.

Rec Committee Meeting

Please support your Recreational Activities! The Recreation Committee meets the second Wednesday of the month (May 8th) in the Small Social Hall, 7:00 p.m. for about an hour to plan and coordinate events and purchases of Recreational items. We look forward to seeing *your* smile!

Your Board Liaison for Food, Fun, Frolic and Fellowship
