b) Orientation- Report by Team Member, Shirley Radder.

The Orientation committee met with the following recommendations to the packet given to our new Members:

First, the on the cover letter we added the fines schedule and the quick reference page of rules. Our intention is that once approved, we will give Secretary Annie a scanned copy of all documents that go to the candidates. It will not include the greens sheet agreement they sign. The blue sheet fraternal pledge that they also sign, the roster or the walking tour book. Those documents will be given to the Committee Member who orients the candidate along with the recommendation sheet that we will fill out.

Second, the Emergency signals- it did not include Section 6 so the new one does include it and we put a note about the testing that happens monthly.

Third, the PPMC finance page- updated primarily the Escape Tax information and added that only the membership can change the Dues and the Assessment rates. Also added the garbage service is directed by the County.

Lastly, we added a Volunteer opportunities page with a brief blurb on the many items. This can be actively added to as new things come up.

We have also started taking a photo at the conclusion of the Orientation so that all approved collective members pictures can be included in the bulletin to begin the process of being know in the Park.

Bob Morgan also reporting that there is a heavy accumulation of moss on the Social Hall roof. Bob wanting to know when it will be removed.

Answer- Roof on the Social Hall was to be re-shingled/repared. Office was done first and based on the work done by the company that did the office, it would be determined if the same company was going to be used for the Social Hall. Board to decided when this is to happen.

Question – Will Board be publishing litigation cases?

Answer- Joe has contacted our legal council and will meet in person to discuss. Joe reminding all that cases are a matter of public record so any and all can do their own research. Joe very much in favor of publishing litigation brought against the park to have full disclosures and transparency.

At present there are 2 claims filed. One in small claims court that will have a hearing on November 21st and one regarding the red tagged improvements. One similar claim has been settled regarding one of the red tagged improvements in the park.

President Joe very much against non-disclosure agreements as he firmly believes the Membership has a right to all information regarding settlements. Manager Steve informing all that even he is being personally sued in small claims court by a Park Member.

Member- Sharon Simas asking the Board how they view the Open Forum portion of the meetings.

Kurt Likins discussing the Common Land Tax that was included in this year's TADS. Extensive discussion by all.

Member- Pat McDonald who is familiar with the 2003 agreement encouraging review.
