

**STAKING REQUEST**

Please understand the allotment lines (boundaries between residences or between a residence and the common areas) in Paradise Park Masonic Club are not exact, and that, while Paradise Park Masonic Club uses reasonable and diligent efforts to establish allotment lines, such allotment lines are not surveyed by licensed and or registered land surveyors. As a result, questions arise about the precise location of allotment lines. In such situations the Bylaws of Paradise Park provide a mechanism for resolving allotment line questions. Remember you have use of an allotment. All of the land is owned by Paradise Park Masonic Club.

The Policy of Paradise Park is to only stake an allotment (1) when an offer to purchase is made and a Membership application is submitted and (2) when new construction involves a change in the structure's "footprint" and required setbacks must be established and (3) when there is no staking on file.
